## DEALING WITH DIFFERENCES

Chuck Grose

 **VERNON PRESS**  
SERIES IN SOCIAL EQUALITY AND JUSTICE

## Unwrapping Racism

Dealing with Differences

**Chuck Grose**

This book will present key issues, such as cultural privilege and its prevalence. The reader will be lifted up from xenophobia, colonialism and slavery while creatively facing individual responses to those issues today. All those approaches move into our societal goals of assimilation, cultural pluralism and the “melting pot” concept. As *Unwrapping Racism: Dealing with Differences* confronts race, it challenges the reader to grapple with action-oriented exercises, questions, and projects relevant to key paragraphs on every page.

## Personalism and Metaphysics

Is Personalism a First Philosophy?

**Juan Manuel Burgos,**  
*Universidad Villanueva*

Written by an international expert in personalist philosophy, this book first defines the various meanings in which the term metaphysics can be understood and, secondly, does a comparison between personalism, in particular, integral Personalism, and the metaphysics of being. The analysis concludes that personalism can be considered a first sectoral philosophy, that is, a philosophy that does not need other philosophical referents to establish itself as a philosophy thanks to its direct access to experience.

## Quality commitment

Thanks to our growing community of reviewers all our books are peer reviewed. Committed to producing high-quality titles, we employ tried-and-tested quality control processes in all stages of production. Our editorial checks ensure that all books adhere to high standards of consistency, readability and coherence. We adopt a pragmatic approach to turning around a manuscript quickly and intervene only when necessary.

## Editorial values and standards

A work's contribution to knowledge, irrespective of approach or perspective, is the central criterion of our acquisition process. Importantly, our acquisitions are driven by their research impact and current academic trends rather than saleability. Peer review, in-house editorial expertise and collaboration with advisory editors ensure our titles are relevant and of a high academic standard. Our commitment to scholarship has been recognized with inclusion in the lists of academic publishers maintained by the Spanish National Research Council, the Finnish Publication Forum and the Norwegian Centre for Research Data.

## Individual attention

We care for and pay attention to the needs of each of our authors. We are responsive to author queries and strive to keep you up to date with your manuscript's progress towards publication. We only enlist qualified and sufficiently motivated experts to review your work and guide them to offer constructive criticism. This ensures that peer reviews are thorough, constructive and respectful of your effort as an author.

## Maximum exposure

We work closely with our industry and academic community partners to understand current trends and market our titles appropriately. Besides traditional book marketing, we make extensive use of digital marketing tools and are able to work with authors on promotional activities. All our books are also published as e-books and paperbacks. As reported in WorldCat, our books are held by academic libraries worldwide. Our books are also available through a wide range of specialized resellers, e-book aggregators, select academic bookshops and online retailers such as Amazon and Barnes and Noble.

## No cost burden & flexibility about sharing

It's simple: we never charge authors for publishing - no hidden fees, no surprises. Our no-charge promise reflects our confidence in commissioning only high-quality works, the quality of our production and the efficiency of our workflow. Authors of monographs are offered complimentary copies of their book and all authors can purchase additional copies at a 40% discount.
